senior® Flexonics | LPE

LPE Co Ltd has been a leading manufacturer of precision machined components, fabrications, assemblies and kit sets for the Oil and Gas, Tele-communications, Aerospace and Defence, Land and Sea Systems, Nuclear and Marine industries for over 30 years.

Our continued investment in technology and machinery and close liaison with all our customers, to meet their immediate and diverse requirements, has ensured our success.

Our state of the art 121,000 sq ft of manufacturing area is equipped with the latest manufacturing technology.

This includes numerous multi axis CNC Machines with turning and milling capability up to 4 meters in length and Flexible Manufacturing Systems capable of working unmanned to produce components to close tolerances 24 hours per day.

We pride ourselves on our ability to manufacture extremely complicated components and assemblies utilising state of the art equipment and facilities. Lymington Precision Engineers is a major employer in the New Forest and surrounding areas, employing over 180 members of staff.

Our employees are our greatest asset – Their ambition, innovation, experience and skills have been major factors in our success. We continue to train and encourage our workforce and conduct our business in a fair, open and ethical manner.

At LPE we operate an excellent apprenticeship scheme, providing the engineering industry with young, skilled engineers, helping to promote the industry and encourage engineering in the UK.

Health & safety, the environment and our local community are important to us and so we remain supportive of our local schools and charities and ensure that we continue to operate in an environmentally friendly manner.

A driving force in Global Manufacturing Excellence

OUR SERVICES

- CNC Turning
- CNC Milling - Multi Axis
- Assembly & Testing
- Inspection
- CNC Grinding
- Jig Grinding
- Tool Making
- Project Management

OUR ACCREDITATIONS

UVDB empowered by Achilles Supplier No. 59640 · ADS · bsi. ISO 14001 Environmental Management · bsi. ISO 9001 Quality Management · EIA Engineering Industries Association · NIA Nuclear Industry Association
